

Craft Time - Make a Lolly Stick Cross Scene

Using a paper plate, fold about a third of it up to create a hill.
Let the children colour/paint/stick coloured tissue paper to the area behind
the hill to make a sunset sky.

Stick on 3 crosses (use PVA glue/double sided tape/pipe cleaners to join
together two pieces of lolly stick to make each cross)
or draw 3 crosses with a marker.

Stick heart stickers to the middle cross or write “For me” on the cross.
